

F. B. CATE REAL ESTATE AGENCY

The money you throw away in poor speculations would be better invested in real property which stays where it is put. You who do not own your home, figure up the amount you have spent in rent during your life. Better use paper and pencil, for it may prove to be an arithmetical problem. Now you can see for yourself what a poor investment your so-called home has been.

THIS HOUSE is a bargain. It is on John Street. Contains six rooms, closets and pantry. It has a nice bath-room with hot water connections, hard wood finish, has been recently painted and shingled. A nice, large lot, 115 1/2 by 82 1/2 feet. Is insured for \$1,000.00. Price only \$1,500.00. Small payment down and balance as rent.

THIS SEVEN-ROOM COTTAGE is located on Humbert Street, near the Ward 5 school-house. This also has bath with hot water connection. Just as good a cellar as there is in the city, with granite underpinning. Bay window and two piazzas. Lot is 80 1/2 by 65 feet. Corner lot. This house has been built only three years. Price, \$1,600.00. Small payment down. Balance at five per cent.

THE FARMS we have on our lists are too numerous to mention here. Come in and look over our description of them and see if you don't find just what you want.

We not only have houses and farms, but we have many different kinds of business to sell—granite quarries, machine-shops (doing a good business), stores, restaurants, etc. Remember the place.

INSURANCE

Some agents say "The Best Companies," others "The Strongest," and still others "The Largest Companies." I simply say

JOHN W. DILLON, Agent,

Representing \$465,490,117.39 assets as per annual statement of companies represented in this agency on January 1, 1903. That tells the whole story. Call and investigate. No risk too large, none too small.

The Five Essentials

**SIMPLICITY,
SPEED,
LIGHT TOUCH,
EASY ACTION,
DURABILITY.**

The above features, carried to their highest efficiency, represent Typewriter perfection.

SIMPLICITY—In building the Fox Typewriter we have constantly had before us the need of simplicity and we have a machine which we believe is as near "foolproof" as it is possible to build a typewriter and we have not sacrificed a desirable feature.

SPEED—No Typewriter made has the speed of the Fox. It holds the world's record, made in February, 1904, of 218 words per minute.

LIGHT TOUCH—It requires an expenditure of only 2 1/2 ounces of force to print a letter on the Fox Typewriter. Other machines require from 3 to 8 ounces.

EASY ACTION—The three-point ball bearing on the Fox carriage gives our machine a carriage action that is unapproached by any other. Every other typewriter requires a carriage tension of from 2 to 4 pounds. The carriage tension on the Fox is one pound.

DURABILITY—The above features all add to the long life of the Typewriter and with the adjustable type bar and hanger insure perfect alignment during the life of the machine.

Fox Typewriters are placed on trial anywhere without charge. At least send for complete catalogue.

ABOUT THE STATE.

Items of Interest Cleared from Our Exchanges.

A load of hay, which was being driven on the hay scales near Munson's store at Morrisville, was overturned Thursday afternoon and in the tip-over E. C. Ross, who was on the load, had one foot quite badly crushed.

The Rev. Frederick G. Rainey, recently pastor of the Methodist church at Lyndonville, is rapidly failing in health at his cottage at Round Lake, N. Y. A cancer that for some time has affected one side of his throat is now extending to the other, producing intense pain and partial deafness.

Deputy Reeves of Burlington has just returned from Elmore, where he arrested Freeman Clark, who is charged with breaking a rural free delivery mail box. The boy threw a piece of ice at the box last spring and demolished it. He was taken before Commissioner Blodgett at St. Johnsbury and furnished bail.

A party of St. Johnsbury people returned from Mitchell's camp Tuesday where they had good fishing and were rewarded by getting very close to nature. H. A. Stanley had the rare pleasure of seeing a moose in the woods and several others in the party saw some beavers and the wonderful beaver dams.

Notice has been sent out from Bellows Falls that Napoleon D. Young is missing. He was last seen Monday night, July 3. The boy is fourteen years old, 5 feet tall, has black hair and green eyes. He wore a gray and green mixed suit, white shirt and collar, gray cap with three brass buttons, blue and white necktie.

News has been received of the death of Robert Bigelow, which occurred at his home in Ulysses, Neb., July 4th. Mr. Bigelow was born in Brookfield and lived where C. C. Lewis now does. He went West thirty-six years ago and has been back only once, two years ago, when he spent some time with his brother-in-law, John Heath, and other friends.

The Brattleboro Masonic Building Society of Brattleboro has been incorporated with a capital stock of \$10,000 divided into shares of \$100 each for the purpose of purchasing and holding real estate, erecting buildings, renting and leasing them, and selling for the purpose of reinvestment and not deal in real estate.

The American Woolen Co., of Burlington, has brought suit against S. H. Miller for the recovery of damages of \$1,000 and the papers have been served by Deputy Sheriff E. E. Lord. The case grows out of the alleged sale to Miller of rags, which were stolen from the company by Omer Gilbert. The case is returnable at the September term of county court.

Marshall O. Edson, a graduate of St. Johnsbury Academy, Randolph State Normal School, and Dartmouth College, Hanover, N. H., has been unanimously elected superintendent of schools for a district which includes the towns of Sandwich, Bourne, and Mashpee, Mass. Mr. Edson was one of a dozen candidates for the office. He will make his headquarters at Sandwich.

The Burlington ambulance was called out Friday evening to meet the 8.40 train to receive H. O. Kinney of Riverside, who was injured that afternoon by a fall from a building on which he was at work. Mr. Kinney was accompanied by Dr. Newton and several friends and was taken at once to the Mary Fletcher hospital, where it was found that he had sustained several fractures, the extent and outcome of which could not be ascertained Friday evening.

Arthur Mossey of St. Albans was assaulted and badly injured about the head by an unknown man on Thursday night. Mr. Mossey was walking down Lake street toward his home when he was struck from behind on the back of the head and received a bad scalp wound, which felled him to the ground unconscious. Mr. Mossey was found wandering about in a dazed condition by Chief Mahoney, who helped him to his home. Mr. Mossey does not know who his assailant was nor the reason for the murderous attack. The injury, while severe, will not be serious.

Run Away to Be a Cowboy.

George E. Fleming, of Bennington, has reported to the Troy, N. Y., chief of police that his son, George Fleming, aged sixteen years, ran away from his home in Bennington July 11, with the avowed intention of making his way to the "wild and woolly West" to become a cowboy and seek adventure. His father thought the boy got as far as Troy and become stranded and asked the police to help in the search for the lad. The boy is five feet seven inches in height, weighs about 130 pounds, was clad in a dark suit, with a bright pink shirt waist, and wore an extra large brown brimmed soft felt hat. The boy carried a 44-caliber Colt revolver.

Maternal Instinct Strong.

J. G. Harwood of Bennington, being attracted by the whinnying of his mare at about 2:30 o'clock one morning recently, went to the pasture back of his house and found the infuriated animal standing at the edge of a race-way paving frantically at the boards.

Mr. Harwood followed down the race-way to where it runs under Beech street, and found there with just its nose out of the water, a little colt which had been carried down the race-way about twenty-five rods.

He succeeded in getting the colt out of the water and the next day the animal did not appear any the worse for his early swim. It is considered remarkable that the colt, less than an hour old, could endure such an accident.

Lincoln H. Struthers died at Toronto, Ont., Monday, July 3, after an illness of some months. The body was brought to Phillipsburg, Que., for burial. Deceased was organist of St. Paul's church, Phillipsburg, for some years in his early life. At the age of about eighteen years he entered the services of L. H. Scott of the Franklin House, Highgate Springs, passing the winter months in Florida. Through the influence of Dr. W. Seward Webb, he secured a lucrative position

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the hair is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

with the Wagner Car Co. For a number of years he was a trusted employee of the Canadian Pacific Railway Co., finally entering the railway postal service of the Dominion government, which position he held at the time of his death. Mr. Struthers is survived by his wife and several young children.

The Boastful Swedes.

It is somewhat surprising to note the tone of disdain that marks the speeches of Swedish politicians and public men in their allusions to Norway and Norwegians' people. There is a supercilious curve of the upper lip, as though the speakers were representative of the world's culture and brains while the Norwegians struggled along in the subcellular of medieval ignorance or hopeless stupidity.

They thus make themselves absurd in the eyes of the world. For today there live in Norway: Fridtjof Nansen, Henrik Ibsen, Bjornstjerne Bjornsen, Edvard Grieg.

These are men of achievement, whose fame has gone around the world and whose work has influenced the life of two hemispheres. They have done great service in the fields of science, art and letters.

Sweden cannot point to a single contemporary within her borders who can match any one of them.—Louisville Courier-Journal.

Saved by Lightning.

In Duluth, down on the docks, a few days ago some freshwater ancient mariners were talking of adventures on the raging main.

"Capt. H—" said one, "it seem to me I've heard somewhere that your vessel was once struck by lightning while sailing, sailing over the bounding main?"

"Yep, twice," said Capt. H.—"Happened off Point aux Barques 'bout fifteen years ago. We were joggin' long when a thunderstorm overtook us, and the very first flash of lightning struck the deck amidships and bored a hole as big as my leg right down through the bottom of the vessel."

"And she foundered, of course?"

"No, sir. The water began rushing in, and she would have foundered, but there came a second flash and a bolt struck my fore-to-gallant mast. It was cut off near the top, turned bottom end up, and as it came down it entered the hole and plugged it up as tight as a drum. When we got down to dry dock we simply saved off either end and left the plug in the planks."—Detroit News.

A Smart Dog.

A friend of mine was wont to walk across the park with her dog and to take a hansom home. The animal on several occasions went out alone for a walk, and finding himself at fault, was in the habit of jumping into the nearest hansom and getting himself conveyed home by the cabman, who, reading his address on his collar, scented a reward.
